

LAYS BLAME ON  
ABE LINCOLNSouthern Veteran Says He Was  
Responsible for War.

SPOKE NOT IN BITTERNESS

R. C. Cave of St. Louis Addresses  
Thousands of Confederate Soldiers  
and Their Sons, Declaring That  
When the Confederacy Fell the Re-  
public, as Formed by the Fathers,  
Perished.

Little Rock, Ark., May 17.—Before  
thousands of Confederate veterans of  
the war between the states and a  
great throng of their sons R. C. Cave  
of St. Louis declared in the course of  
his address:

"I hold that the responsibility for  
the Civil war, with all the blood and  
treasure that it cost and all the desola-  
tion and ruin it wrought, justly rests  
upon Abraham Lincoln and his ad-  
visers."

Mr. Cave asserted that he spoke not  
in bitterness, that he was simply dis-  
cussing the facts of history and that  
he accepted the changed conditions  
brought about by the war. "Never-  
theless," exclaimed the St. Louis vet-  
eran, "when the Confederacy fell the  
republic as formed by the fathers perished."

"The states were robbed of their in-  
dependence and became subject prov-  
inces of a centralized national author-  
ity. They tell us this is best. It may  
be so. But I beseech you to pardon an  
old Confederate soldier who is per-  
haps blinded by memories that some-  
times fill his eyes with tears, if he  
cannot see it so."

Mr. Cave said history teaches that  
patriotism is most ardent and free-  
dom most secure in small communi-  
ties. For this reason he would rather  
owe his allegiance to his state rather  
than to a mighty centralized govern-  
ment.

In speaking of the new accord that  
has developed between the North and  
the South, Mr. Cave said:

"I want to see the people of both  
sections ruled by the spirit of frater-  
nity and harmoniously working to-  
gether for the welfare of our common  
country, but I do not think the men  
of the South should be asked or be  
expected to sacrifice the truth of history  
and go down to posterity branded as  
rebels and traitors to secure that end."

## BELIEVES TIME NEAR AT HAND

Theosophist Says Signs Indicate Sec-  
ond Coming of Christ.

London, May 17.—Annie Besant, who  
is here from India, announces the im-  
pending reincarnation of Christ.

"Everything tends to show that the  
time is at hand," she said, "for the  
arrival of the Great World Teacher.  
Physical and social changes through-  
out the world tell that the age of mil-  
lennium is closing and that fraternity  
is to be the watchword."

"The future Anglo-American peace  
treaty is one sign, but the world's  
peace is unachievable politically. It  
will result in a vast spiritual move-  
ment uniting all warring creeds. This  
will be the task of the coming Teacher  
prefigured in the Christian dogma  
as the second coming of Christ."

"It is not far distant. Then our  
aen will close and a new age will  
open."

Mrs. Besant brought with her two  
Indian boy disciples. One believes not  
in reincarnation but in Buddha and  
says his lives cover between 20,000  
and 30,000 years. They will see the  
coronation and then go to Oxford.

## DEITZ TAKEN TO THE PRISON

Leaves Hayward for Waupun Hand-  
cuffed to Sheriff.

Hayward, Wis., May 17.—John F.  
Deitz, last member of the Deitz fam-  
ily to leave Hayward, left the Sawyer  
county jail shackled to Sheriff Fred  
C. Clark. Deputy James French also  
accompanied the sheriff and the fa-  
mous prisoner. Tickets were pur-  
chased at Chippewa Falls, where the  
party took the Soo line.

Deitz still wore his ever ready  
smile and when asked if he would  
stand for a picture answered:

"Certainly, provided you have no  
explosive bullets."

"Well, I suppose the lumber trust  
has got what it wants," he said.

The depot platform was crowded  
with hundreds of onlookers anxious  
to get a glimpse at Deitz.

Baby Drowns in Boiler.

St. Paul, May 17.—Viola Wunder-  
lich, one-year-old daughter of Mr. and  
Mrs. Frank Wunderlich, was drowned  
in a wash boiler which was under the  
eave spout of the family residence.  
Her mother had finished the washing  
and set the boiler out of doors. The  
child evidently tried to get a handker-  
chief out of the bottom and fell in.

Progressives Plan Amendment.

Washington, May 17.—At an infor-  
mal conference of senate progressives  
it was decided to urge an amend-  
ment to the Sherman anti-trust law  
reading as follows: "No combination  
in restraint of trade shall be regard-  
ed as reasonable within the terms of  
this act."

nority Oil Opinion.

TRIBUNAL REVERSES ITSELF

Chief Executive of Opinion That Un-  
der Previous Decisions There Could  
Be No Such Thing as Good and Bad  
Trusts—Disappointment Seems to  
Offset Gratification of the Admin-  
istration.

Washington, May 17.—While there  
was much gratification in adminis-  
tration circles over the order of the United  
States supreme court for the dis-  
solution of the Standard Oil company,  
which had been declared "an unrea-  
sonable" combination and monopoly  
in restraint of trade, there unquestion-  
ably also was some misgiving as to  
the interpretation of the anti-trust  
law giving to courts the right to de-  
termine whether or not a monopoly  
was "reasonable," and declaring a  
"reasonable" monopoly not to be in  
contravention of the statute.

President Taft, who a little more  
than a year ago, in a special message  
to congress, declared that under su-  
preme court precedents there could  
be no such thing as "reasonable" and  
"unreasonable" restraints of trade, or,  
in other words, "good trusts" and  
"bad trusts," was said to have been  
rather keenly disappointed that the  
court should have seen fit to reverse  
itself in this important matter.

President Taft's message was freely  
quoted about the Capitol and the  
seeming similarity of his views as to  
the scope of the anti-trust law to the  
view expressed by Associate Justice  
Harlan in his dissenting opinion at-  
tracted renewed attention to Justice  
Harlan's position as outlined in his  
statement to the court following the  
handing down of the majority opinion  
by Chief Justice White.

Justice Harlan held that his brother  
judges had no right to usurp the func-  
tions of the legislative branch of the  
government by writing into the statute  
a differentiation between "reason-  
able" and "unreasonable." He de-  
clared that congress had resisted all  
appeals so to amend the act and that  
there was every reason to believe that  
such an amendment never could be  
put through the legislative branch.  
Under these circumstances and in  
their extremity great aggregations of  
wealth applied to the court in an ef-  
fort to have it construe the law in a  
way that would be a flat reversal of  
what it had held on two previous oc-  
casions.

Justice Harlan declined to be a  
party to such a reversal and hence his  
dissenting opinion. He denounced as  
"the most alarming tendency of the  
day" the tendency to judicial legisla-  
tion. Men of power, he said, always  
were trying to get the courts to do  
what congress would not.

## PROSECUTIONS TO PROCEED

Trusts Violating Law Will Be Called  
to Account.

Washington, May 17.—There is no  
intention upon the part of the admin-  
istration to check the activities of the  
department of justice. Trusts found  
violating the anti-trust act will be pro-  
ceeded against as in the past.

The president thinks that convic-  
tions in cases generally is certain  
where the evidence produced shows  
an attempt to create a monopoly.

Although the matter had been con-  
sidered it seemed probable that there  
would be no attempt to proceed crim-  
inally against the directors of the  
Standard Oil.

## STRUCK BY GOVERNOR'S AUTO

Minneapolis Boy at Hospital in Se-  
rious Condition.

Minneapolis, May 17.—Struck by an  
automobile driven by Governor Eber-  
hart's father-in-law, Fred Koke, and  
containing Mrs. Eberhart and five oth-  
ers, C. A. Dahlquist, eighteen years  
old, lies at the city hospital in a se-  
rious condition.

Immediately after the accident the  
automobile party was taken to police  
headquarters. Here, after some ques-  
tioning, the women were released, but  
Mr. Koke was held until after a con-  
ference with the county attorney.

## GALLERY OF BIBULOUS ONES

Lincoln Board Will Post Pictures of  
Habitual Drunkards.

Lincoln, Neb., May 17.—The Lincoln  
excise board has adopted a rule re-  
quiring friends and relatives of hab-  
itual drunkards to furnish pictures of  
the bibulous ones for the better in-  
formation of the saloon keepers and  
their bartenders.

The photographs must accompany  
the legal notice to desist in selling  
liquor to the drunkards and are to be  
posted behind the bars.

Equal Suffrage Wins.

Madison, Wis., May 17.—The James  
woman suffrage bill passed the as-  
sembly and will be signed by the  
governor. Before it goes into effect  
it must be approved by a vote of the  
people.

ROBERT LEE HENRY.

Chairman of Rules Committee  
Roundly Denounced in House.

COPYRIGHT 1905 BY E. CHICKERING &amp; CO.

DEMOCRATS IN HOUSE  
HAVE LIVELY TIMECharge Rules Committee With  
Usurpation Methods.

Washington, May 17.—Charges that  
Democratic members of the house  
committee on rules were seeking to  
usurp functions of a caucus by nomi-  
nating members of the committee  
which will investigate the so called  
steel and sugar trusts, created the  
most serious break that has occurred  
in the Democratic ranks of the house  
since the opening of congress.

Chairman Henry was denounced by  
Representative Fitzgerald, chairman  
of the appropriations committee, with  
having made an "unwarranted as-  
sumption of authority" for the rules  
committee. Other Democrats declared  
that the action of the rules committee  
if ratified by the house, would be a  
complete abrogation of the principles  
for which the Democrats had stood,  
namely, the selection of committees  
by action of the Democratic caucus.

Two lists of names, one being the  
proposed steel trust committee and  
the other the sugar trust committee,  
were submitted by Mr. Henry in the  
form of privileged resolutions, which  
he asked the house to adopt.

Immediately questioned by the  
Democrats who had not been consult-  
ed as to the authority by which the  
rules committee offered these names,  
Mr. Henry said about 150 Democrats  
had approved the Democratic list and  
Republican members were named by  
Minority Leader Mann.

The steel trust investigating com-  
mittee was approved before the Dem-  
ocrats woke up to the full effect of  
the situation. The resultant fight fell  
on the sugar trust committee and a  
continuation of the struggle was averted  
by the action of Democratic Leader  
Underwood in adjourning the house  
while the resolution was pending.

## TO ACT ON HERESY CHARGES

Several Cases to Come Before Presby-  
terian Assembly.

Atlantic City, N. J., May 17.—Promi-  
nent among the matters to be taken  
up by the general assembly of the  
Presbyterian church in the United  
States of America, which meets for  
its 123rd annual session here on Tues-  
day, will be the question of alleged  
heretical utterances by several clergy-  
men, the reduction of representation,  
both lay and clerical, the grouping of  
the several boards that carry on the  
work of the church organization and  
the question of adopting an interme-  
diate catechism.

## Deaf Iowan Killed by Train.

Marshall, Minn., May 17.—William  
Banks, Sr., was struck by the east-  
bound passenger train here and in-  
stantly killed. He came down on the  
Great Northern train from Lynd,  
where he has a son living, and trans-  
ferred to the Northwestern. When  
near the depot here he was walking  
on the ends of the ties and being deaf  
he did not hear the approaching en-  
gine. He was about seventy years  
old. His home is at Algona, Ia.

## Death Due to Storm.

Minneapolis, May 17.—Egbert Na-  
gle, sixty-nine years old, a pioneer  
florist, was killed by a Selby-Lake  
car during a severe storm which  
visited Minneapolis. He attempted to  
cross the tracks. His vision obscured  
by the wind and rain he did not see  
an automobile approaching until it  
was almost upon him. He was struck  
while attempting to cross ahead of the  
car to escape the automobile.

## Gets Bad News in Bunches.

Boston, May 17.—Mrs. Elizabeth  
Barto, arriving in Boston on the  
steamer Marquette from Antwerp, was  
handed a sheaf of telegrams at the  
pier, saying that her father, a judge of  
the supreme court of Canada, was  
dead, her mother dying and her son in  
a precarious condition at San Diego.  
She took the first train for the boy's  
bedside.

FARMERS PLEAD  
FOR PROTECTIONDemocrats Learn That Most of  
Them Are Republicans.

AN ILLINOISAN'S POLITICS.

Granger Says He Was Raised by Man  
Who Would Not Allow a Deck of  
Cards or a Democratic Paper on His  
Table—Congressman Stone Reaches  
a High Flight in Oratory.

By ARTHUR W. DUNN.

Washington, May 17.—[Special.]—  
While the grangers were pleading be-  
fore the finance committee against  
the Canadian reciprocity agreement  
enough questions were asked by the  
Democrats to bring out the fact that  
most of them were rock ribbed, hard  
and fast Republicans; consequently  
the Democrats of the committee did  
not appear to have that sincere sym-  
pathy with them that might be expect-  
ed.

No doubt the Democrats remembered  
how time after time their hopes of vic-  
tory had been dashed by the returns  
from the rural districts where the  
farmers had voted the Republican tick-  
et. Perhaps the Democrats also real-  
ized how the best method of attacking  
the high tariff rates was to put the  
Canadian agreement through in order  
to arouse the farmers to retaliation.  
And that is just what the farmers  
threaten.

Williams Delighted.

It was worth spending a few hours  
in the hearing to look at the face of  
John Sharp Williams, the new senator  
from Mississippi and former minor-  
ity leader in the house. He has al-  
ways fought for lower duties. As the  
leading farmers spoke and protested  
against the high rates of duty on the  
articles they had to buy his face light-  
ed up with joy. This was especially  
the case when Governor Batchelder of  
New Hampshire presented a table of  
comparisons showing articles that the  
Canadian can buy for at least half the  
rate paid by the American.

It was an Illinois granger who ex-  
plained his politics by saying that he  
was brought up by a man who would  
never allow a deck of cards or a Dem-  
ocratic newspaper on his table. He  
was asked if that had made him a  
lifelong Republican and replied, "Gath-  
er your own inferences."

Populous Districts.

It has long been the boast of Con-  
gressman Bartholdt of Missouri that  
he represented the largest district in  
point of numbers of any man in con-  
gress. It has also been his lament  
that he represented a gerrymandered  
district. His district runs around St.  
Louis and has grown very much since  
it was created. It now has a popu-  
lation of 416,389. The basis of rep-  
resentation under the new apportion-  
ment bill is about 215,000.

But Bartholdt does not represent the  
largest district now. That honor be-  
longs to Steven B. Ayres of the  
borough of Bronx, New York. The  
population of his district is 482,568.  
It shows the rapid development of  
that part of Greater New York. Henry  
George also represents a populous  
district. It is located in the northern  
part of Manhattan and contains 409,  
858 people.

North, South, East and West.

One day there broke forth in the  
house a new man from Illinois. He  
proved to be Congressman Stone, a  
former schoolteacher, self made man  
and an all around talker. It was dur-  
ing the day when no one came to lis-  
ten, and the most fervid oratorical  
flights were lost upon the empty seats.  
He was especially opposed to those  
who called the farmers' free list bill  
sectional. Here are a few of Mr.  
Stone's observations:

"There are those who claim this bill  
is sectional and appeal to an ancient  
prejudice in their efforts to compass  
its defeat. No longer will that Circle's  
voice enable them to keep fastened  
upon us a system that is opposed in  
purpose and spirit to every principle of  
independence and liberty upheld by  
the general sentiment of the people."

"There is a north of waving fields  
and blossoming meadows and verdant  
pastures, with untold wealth of mine  
and orchard and field."

"There is a great awakening south  
covered with billowy waves of snowy  
cotton, whose annual crop would buy  
a kingdom."

"There is an east with its ambitions  
and its wonderful factories."

"There is a west with its prairies  
and inexhaustible mines."

Congressman Stone fused all these  
in a "furnace of some great Vulcan  
with a mighty Odin's hammer," and  
asserted that all sections "cherish the  
same sentiments of liberty, glory in  
the same common memories and love  
the same old striped and starry banner  
which is the sacred and priceless leg-  
acy of a thousand battlefields."

"That young fellow from Illinois was  
certainly 'going some,' was the com-  
ment of an old timer."

"Shotgun Rucker."

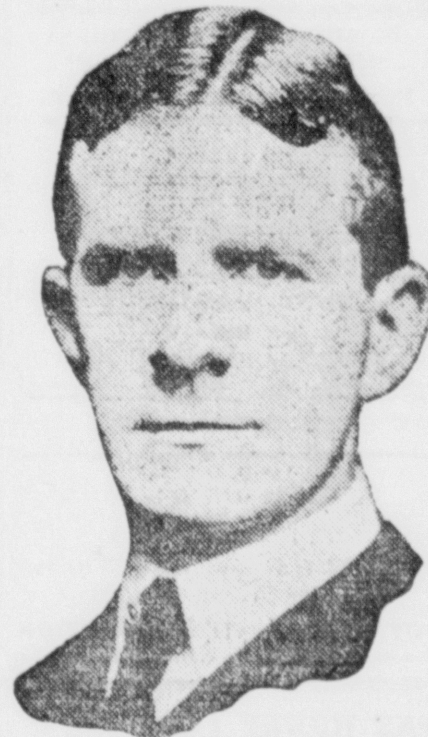

"I have a notion to fire another bar-  
rel of my shotgun—I am sometimes  
known as 'Shotgun Rucker,'" was a  
side remark in a speech by Congress-  
man Rucker of Colorado. That par-  
ticular day the barrel he discharged  
was pointed at his fellow Democrats.

The Honeymoon.

For thirty days after a wedding the  
ancient Teutons had a custom of drink-  
ing a mead made of honey.

## SECOND TRIAL IN OCTOBER

Date Set for Murder Case Against  
Dr. B. C. Hyde.

Kansas City, May 17.—Judge Ralph  
S. Latschaw of the criminal court fixed  
Oct. 16 as the date for the beginning  
of the second trial of Dr. B. Clark  
Hyde, charged with the murder of  
Colonel Thomas H. Swope. The bond  
of \$50,000 on which the physician was  
released from jail on a writ of habeas  
corpus by the circuit court judges was  
continued in force by Judge Latschaw.

## GENERAL ARMISTICE SOON

Formal Signing of Peace Agreement  
May Take Place at Juarez in a Day  
or Two and President Diaz is Ex-  
pected to Resign in the Course of  
Two or Three Months.

Juarez, Mex., May 17.—Peace, the  
fervent hope of rebellion torn Mex-  
ico, is almost an accomplished fact.

Judge Carbajal, the federal peace  
envoy, has announced that, barring  
the unforeseen, a general armistice  
will be declared within twenty-four  
hours. Provisional President Madero  
has declared that mutually acceptable  
propositions have at last been reached  
and peace is assured.

The formal signing of a peace agree-  
ment probably will take place here  
within two days. President Diaz will  
probably resign within two or three  
months, at any rate when peace is  
completely restored.

Two principal questions have been  
practically agreed upon—the number  
of cabinet members and governors to  
be allowed the insurgents—but the  
other conditions have for some time  
been tacitly determined by both sides  
and now it will be merely a matter of  
technical detail to draft the peace  
terms successfully and to arrange a  
modus operandi for the discharge of  
their provisions.

The government has acceded to the  
insurrecto demand of three cabinet  
portfolios—those of war, justice and  
governación—and word was being  
awaited from Mexico City as to the  
exact number of governorships to be  
allowed the rebels.

The cabinet portfolios, it is stated,  
probably will be filled as follows: Min-  
ister of war, General Gonzales Salaz;  
minister of justice, Senor Vasquez Ta-  
gle; minister of gobernación, Dr.  
Francisco Vasquez Gomez.

The minor conditions of the peace  
include the pensioning of soldiers, the  
payment of indemnities out of the  
public treasury, arrangements for the  
reconstruction and repair of the pub-  
lic utilities.

The feeling is that General Diaz  
will give way to Senor de la Barra as  
provisional president within two or  
three months and that a general elec-  
tion will follow within a month or  
two. The provisional governors will  
hold office until state elections shall  
have been arranged.

ATTORNEYS WISH TO  
REARGUE DEMURRERSClaim Oil Trust Decision Affects  
Case Against Packers.

Chicago, May 17.—On the grounds  
that the federal supreme court's  
Standard Oil decision overrules United  
States District Judge Carpenter's  
decision of May 12 in the beef pack-  
ers' cases here attorneys for the pack-  
ers filed a motion for permission to  
appear and reargue the demurrers  
which Judge Carpenter overruled. The  
motion was filed by Attorneys Levy  
Mayer and John S. Miller.

The whole matter again is hung on  
the question of what is "reasonable"  
and what is "unreasonable" restraint  
of trade. It was the supreme court's  
dictum that, in effect, the word "un-  
reasonable" must be read into the  
Sherman anti-trust act which gave  
the beef attorneys their excuse for  
request to reopen the demurrer argu-  
ment.

The attorneys included that argu-  
ment when they presented their de-  
murrers, in what they claim is almost  
the identical language of the supreme  
court's Standard Oil decision, but the  
court held against this reasoning.  
They now appear to ask the court to  
admit it erred, in the light of such ap-

## "Round Ticket" Stockings

For Boys, Girls and Ladies

Easy to Put On—Hard to Wear Out

The claim for children's stockings of guarantee against wear for a long and specific period of time naturally suggests to mothers that, to give such stockings unnatural strength, a character of material is used in their construction that makes the stockings coarser and heavier than their children should be expected to wear.

"ROUND TICKET" stockings for Boys and Girls are designed to meet the demand for stockings that will be Durable, Without Sacrificing Comfort. They are of superior construction, being made of Four-Thread Best Egyptian Lisle Yarn, with Pure Irish Linen Splicing in the Heels and Toes, thus being carefully and sufficiently re-inforced at such parts which get the most wear. Better than advertised "Guaranteed" hosiery sold at higher prices.

### WON'T PUBLISH MAGAZINE

Congressman Lindbergh's Promised Publication will Not be Issued—Subscriptions Returned

Some months ago it was announced that Congressman Lindbergh would issue a monthly magazine from Brainerd in which the public would be kept posted on the doings of congress not otherwise given publicity through the press, and canvassers covered the territory in this vicinity taking subscriptions for the same. The following announcement in the Little Falls Transcript, however, indicates that the publication will not materialize, at least until 1912, and the subscription money is being returned to those who subscribed. The Transcript says:

Patrons in Little Falls, who subscribed for the magazine which was to have been launched by Congressman C. A. Lindbergh, have received the following self explanatory letter: "Inasmuch as the extra session of congress will take all my time this summer, I shall postpone a magazine publication until 1912, and therefore I return your subscription thanking you for your consideration.

With best wishes, I am, yours,  
 C. A. LINDBERGH.

The letters are postmarked at Crosby, Minn.

### OLYMPIA CANDY KITCHEN

Alex George and A. Davaras, of Duluth, Buy the Palace of Sweets, 612 Front Street

Negotiations commenced last month have terminated in the purchase by Alex George and A. Davaras, of Duluth, of the Palace of Sweets, 612 Front street, and this popular place of business will henceforth be known as the "Olympia Candy Kitchen."

Messrs. George and Davaras own a number of confectionery stores, each being known as the "Olympia Candy Kitchen" in the cities of Duluth, Hibbing and Virginia. Mr. Davaras will have charge of the Brainerd establishment, while Mr. George, who resides in Duluth will manage the Duluth store and agents are in charge of the other two branches.

In addition to manufacturing and selling wholesale and retail a line of popular confectionery the Olympia Candy Kitchen also carries a beautiful stock of cut flowers and potted plants. On "Mother's Day" the firm carried 5,000 white carnations and sold every flower. Their ice cream parlor is well arranged and the fountain is of handsome marble and one of the most up to date soft drink dispensaries in the city.

### SELFISHNESS.

One thing is clear to me—that no indulgence of passion destroys the spiritual nature so much as respectable selfishness. — George Macdonald.

### A Last Resort.

Little Boy—I want you to write me an excuse for being late to school yesterday. Jeweler—Eh? You are not my son. Little Boy—No, but mamma says I had plenty of time to get to school, so I guess the clock you sold her doesn't go right.

### A Militant Grouch.

"How do you feel this morning?" "Grouchy. But please understand one thing."

"What is that?" "I don't care a rap whether you sympathize with me or not."—Birmingham Age-Herald.

### Fathers and Sons.

Descanting on the changes in life and work brought about by time, a farmer said, "When I was young I used to think my father had a muckle sense, but my sons look on myself as a born idiot."—Reminiscences, by Sir Archibald Geikie.

### MORE EVIDENCE

It is Coming in Rapidly in Brainerd

Evidence on the following subject will prove of interest to every Brainerd reader. So many people go through the same experience daily. This public statement should be proof positive to every wavering doubter. Read it carefully.

Charles Ellison, 512 S. Quince St., Brainerd, Minn., says: "My kidneys were disordered for several years and as time passed, my condition grew worse. About a year ago I was suddenly taken with such a severe pain in the small of my back that I had to stop work and go to bed. Medicine relieved me somewhat and I got out in a few weeks, but I still suffered severely. Someone finally advised me to try Doan's Kidney Pills and I procured a supply from a local drug store. The contents of a few boxes restored me to good health and corrected all the symptoms of my complaint. I am confident that Doan's Kidney Pills will act just as satisfactorily in other cases of kidney trouble." (Statement given September 1, 1908.)

RE-ENDORSEMENT

On October 12, 1910, Mr. Ellison said: "The public statement I gave in favor of Doan's Kidney Pills over two years ago still holds good. I know that this remedy is a specific for kidney trouble." (Statement given September 1, 1908.)

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Would Win Either Way.

"Would you still want me to be your wife if my father was a poor man?" asked the beautiful heiress.

"Yes," the duke replied after a little pause. "In that case I would be enough of a curiosity to get rich exhibiting myself."

Dodged the Dose.

"Didn't I give you a piece of pie last week?" demanded the cooking school graduate. "I didn't expect to see you again so soon."

"I fooled you, ma'am," replied the impudent tramp. "I didn't eat it."—Philadelphia Record.

Putting on the Price.

A London woman well known in society opened a curiosity shop. One day a friend came in and left an umbrella which had cost 50 shillings. He returned to find the handle of it in the window labeled, "Antique Venetian silver umbrella mounting, 10 guineas."

YOU ought to know about Kuppfit trousers—a new and better idea

At last here's a real improvement in trousers, procurable only in Young Men's Kuppenheimer Suits.

Kuppfit trousers, made by the famous House of Kuppenheimer, are worn by men who care about style, comfort and fit.

You know the fault of suspenders and belts—your trousers "high-water" or brushing the ground—that miserable slipping and "come-apart" feeling.

Positively none of it with Kuppfit trousers. Elastic gores in the sides, covered by a blind belt of same material as trousers—give under every turn and twist, yet are firm, hold tight, like a part of the body.

Kuppfit trousers are moulded to your shape.

Let us show you these new trousers. They're made in all the latest, handsomest materials, finest workmanship throughout, and priced right.

Kuppfit trousers are sold only in Kuppenheimer Suits—not separately.

## ALL ABOARD FOR DULUTH

Crow Wing County Development Association Meets Saturday Afternoon, May 20

### TO ELECT DULUTH DELEGATES

Commercial Club to Send Large Delegation to Development Association Meeting at Duluth

The Crow Wing County Development association meets Saturday afternoon at 3 o'clock, May 20th, in the new club rooms of the Commercial Club in the Iron Exchange building in Brainerd for the purpose of arranging plans for a representation at the meeting of the Northern Minnesota Development association at Duluth June 1st and 2d.

Notices announcing the Brainerd meeting have been ordered sent by President Albright and it is hoped that every resident of Crow Wing county who is interested in the work of the organization will attend the meeting.

The Commercial Club of Duluth has arranged excursions on Lake Superior, trips to the new steel plant and to the various model farms in its vicinity as entertainment to the visitors.

Don't forget the meeting in Brainerd Saturday afternoon, May 20th.

### FIRE COMPANY ELECTS OFFICERS

Brainerd Hook & Ladder Co. No. 1 Elects Officers and Delegates to Fire Meeting.

At the regular annual meeting of Brainerd Hook & Ladder Co. No. 1, held on Tuesday evening, May 16th, at the Central hose house the following officers were elected for the ensuing year:

Foreman—Ray H. Paine.  
First Ass't.—C. W. Hoffman.  
Second Ass't.—W. A. Spencer.  
Secretary—C. H. Paine.  
Treasurer—Frank G. Hall.

The State Fire Association will hold their meeting at Owatonna this year on June 21 and 22 and Chas. W. Hoffman and Eugene W. Paine were elected delegates to represent the company. R. H. Paine and F. G. Hall were elected substitutes.

### ALGER MOBERG MARRIED

Former Brainerd Young Man Takes to Himself a Bride at Mt. Vernon, Wash.

The following article clipped from the Mt. Vernon Herald of May 11th will be a surprise to the many friends of the groom, in this city, who nevertheless will extend to him their heartiest congratulations:

"The home of Mr. and Mrs. J. T. Reed on the west side, was the scene of a pretty, tho' quiet wedding Wednesday afternoon when their only daughter Miss Elizabeth, was given in marriage to Alger A., son of Mr. and Mrs. A. E. Moberg.

Only the near relatives witnessed the ceremony, which was performed by Rev. O. E. Ames of the Christian church. The bride was prettily attired in a gray traveling suit and carried pink roses. A wedding dinner was served after which the bridal pair left for Seattle. They will visit for a few days and will then make their home in Chehalis where the groom has a good position with a big lumber company.

These young people are well known and are social favorites among their friends. The attachment has been of long standing and while their marriage was a foregone conclusion among their associates the wedding was not expected so soon hence was a surprise. The Herald joins their hosts of friends in wishing them a happy life with just enough of clouds to make a glorious sunset at its close.

### At the Empress

The program offered at the Empress tonight is one that all picture patrons should see. There are three very good subjects, "A Trip Through Ireland," "The Way of the Transgressor" and a comedy on woman's suffrage entitled "The Rival Candidates."

Mrs. Mabel Omen of Minneapolis, for the past years a pianist in some of the largest vaudeville and moving picture houses of Minneapolis, is the new pianist at the Empress and her playing is much appreciated. The show is a pleasing one from start to finish and should be well attended.

## CHURCH TO BE DEDICATED JUNE 18

The Norwegian-Danish Lutheran Church Dedication Program is Being Prepared

### MANY PROMINENT SPEAKERS

Rt. Rev. K. Bjoergo, of Red Wing, President of the Minnesota District Synod Coming

An event of unusual interest in church circles in Brainerd will be the dedication of the Norwegian-Danish Lutheran church on June 18th, and if the plans and programs now being formulated are all successfully carried out the ceremonies will take place on that date.

Rt. Rev. K. Bjoergo of Red Wing, president of the Minnesota district of the synod, will be present in his official capacity and will deliver an important address and sermon.

Among the other ministers invited to attend the dedication are Rev. J. Roerik, of Portland, N. D.; Rev. D. J. Grove, Fergus Falls, Minn.; and Rev. T. L. Rosholt, of Renville, Minn., all former pastors of the church, and Rev. H. W. Soerensen, of Shevlin, Minn., a Danish minister.

As soon as the plans are definitely arranged a detailed account of the dedication program will be published in the Dispatch.

Rev. C. Hougstad has been the pastor of the church in Brainerd a term of four years and under his guidance a wonderful growth in membership has been attained and the church has become a power for good, for the proper exemplification of a religious life and for the general uplift of the community.

### BRAINERD IS HONORED

Mrs. C. M. Patek of this City, Elected President of the Federation of Women's Clubs

Mrs. C. M. Patek, vice president of the 6th District Federation of Women's Clubs, and Mrs. Henry I. Cohen delegate from the Ladies' Musical Club, returned last night from St. Cloud where a successful district meeting was held. Mrs. R. R. Wise, who was also a delegate from the Musical Club, left St. Cloud for the twin cities. The ladies report a most cordial reception from the good people of St. Cloud. Many of the towns of the Sixth District were represented. The next convention will be at Wadena. Following are the officers for the next two years:

President—Mrs. C. M. Patek, Brainerd.

Cor. Sec'y.—Miss Amy L. Lowey, Brainerd.

Rec. Sec'y.—Mrs. L. A. Mathews, Wadena.

Treasurer—Mrs. Martin Molitor, St. Cloud.

### The Boy Scout Movement

Mr. Editor:—

Kindly allow us space in your paper, to place before the public our reason as union men, for protesting against this movement called the Boy Scouts. We find upon investigation of this movement that there are undoubtedly some good points in it, but the objectionable points outweigh the good ones, therefore our objection. We note in your paper of May 4th that the Rev. W. J. Horner, under article heading, "What the Boy Scout Order Really Is," states those points which would undoubtedly appeal to those who have not investigated this movement. We might state here that we have had this under advisement for the last four weeks, and have investigated it thoroughly from the standpoint of union men, and would like to place before the public some of the objectionable features. We notice that Mr. Horner in giving a summary of this movement states only the headings, but on going over them with the Scout Manual we find that he does not quote the law. As we have already stated that we wish to bring before the public some of the objectionable points, which are as follows: First, being section 2 (Boy Scout Law) which reads: "A Scout is loyal to his employers. He must stick to them through thick and thin, against anyone who is their enemy, or who even talks badly of them." While we realize that at times the employer and his employees are on terms of good faith, there are undoubtedly times when the employer considers the union men his enemy for instance during times of industrial conflict. The second objection is section 7, which is as follows: "A Scout obeys orders of his parents, patrol leader, or Scout master without question. Even if he gets an order to does not like he must do as the soldier and sailor do, he must carry it out all the same because it is his duty, and after he has done it he can come and state his reason against it but he must carry it out at once."

Any reasonable thinking man need not be told where the objectionable points to this clause is, but as there are many who would merely glance over this and see no objection, we wish to point it out. We consider this clause conflicting at times a boy could not possibly obey his parents and Scoutmaster, because when a boy who is a Scout goes on the hike his officer may give him an order contrary to his parents, and according to this section he must carry the order out, then come and state that his parents did not wish him to do it.

Mr. Horner also states that the movement is not military. We ask you to look at this section again. It states the Boy must do as the soldier and sailor does, also in the preface of the Scout Manual Mr. Ernest Thompson Seton states that when he went to England in 1904 he asked Gen. R. S. S. Baden-Powell to co-operate so as to make it a "partly military organization." We do not wish to imply that Mr. Horner wished to deceive the public with regard to these, but would advise him before going into print with an article heading it "What the Boy Scout Order Really Is," to study the book. The Boy

### ORDINANCE

An ordinance to provide water mains, reservoirs and water works in the Village of Crosby as a means of water supply for the welfare of the inhabitants thereof, and as a measure for the prevention and extinguishment of fires therein, and to regulate the use thereof.

The Village Council of the Village of Crosby do ordain as follows:

#### SECTION I.

For the purpose of providing a means of water supply for the Village of Crosby, and the inhabitants thereof, and providing a measure for the prevention and extinguishment of fires therein, and in consideration of the benefits to accrue to the Village of Crosby, and the inhabitants thereof, from the erection and operation of water works, the privilege is hereby granted, subject to the terms and conditions herein contained, unto George H. Crosby of the City of Duluth, Minnesota, and the inhabitants thereof, to lay, construct, acquire, operate and maintain a system of water mains, open or closed stand pipes, fire hydrants, and feeders, and the necessary plants, attachments, equipment and appurtenances for the supply of water from the Village of Crosby, or other sources, and for the purpose of supplying, selling and distributing water to the inhabitants of Crosby and elsewhere, and to the inhabitants thereof, within the territory of the Village of Crosby, and the inhabitants thereof, that may hereafter be annexed thereto, and, further, to acquire, lay, maintain and operate, in, through, upon, under and along the streets, avenues, alleys, lanes, highways, parks and public places, and on, along, across or under any streets, water courses or water ways, a system of water supply mains, and lay surface pipes, conduits, feeders and the necessary attachments, connections, fixtures and appurtenances for distributing, supplying and selling water to the inhabitants of the Village of Crosby, for municipal purposes, and to the inhabitants thereof for the full term aforesaid.

#### SECTION II.

The main pipes of the grantee shall be laid in either the streets and avenues, or alleys, as he may determine, and when laid in streets and avenues, said main pipes shall be in a line parallel with and outside of the curb line thereof.

All main pipes, service pipes and connections shall be laid at such a depth so as to be protected from frost.

In the re-adjustment of any established grades on any street, avenue, alley or highway in the Village of Crosby, the Village Council shall serve notice on the grantee at least ninety (90) days before any work of regrading any said street, avenue, alley or highway is commenced, during which time the grantee shall have the privilege of re-laying all mains and pipes affected thereby to a corresponding depth.

#### SECTION III.

Upon re-filling any excavation in any street, avenue, alley or other public place the grantee shall re-lay the pavement and do all other necessary work to restore the surface of the street, pavement, sidewalk and grounds to a condition equally as good as when disturbed; and when the grantee shall make any excavation in said village for the purpose of laying pipes or for any other purpose whatsoever, no more space shall be opened, nor shall the time or place than is necessary to properly execute the work thereof; and it is especially in all cases that in all cases where said work requires the exercise of skill, as in the relaying of pavements, the grantee shall employ only skilled workmen familiar with the execution of such work. The grantee shall at all times display and keep the necessary danger signals and proper guards around all excavations and obstructions.

#### SECTION IV.

The grantee agrees to build and equip a suitable plant ample to supply the needs of the Village of Crosby and the inhabitants thereof, with an initial capacity of two hundred thousand (200,000) gallons of water in twenty-four (24) hours, and to have the plant ready for use and in operation on or before the expiration of eight (8) months after the acceptance hereof.

When the grantee shall have the plant pipes and equipment ready for use and in operation then he shall supply water, under the supervision of the Village Council, during which time the grantee shall be liable for the public enemies, or unavoidable accident, in the event, to all applicants therefor not in arrears for prior service, owning or occupying premises on streets, avenues, alleys or other public places in which water mains or conduits are laid; and when and where the grantee shall not have laid mains or conduits he shall lay mains on the petition for the use of water of at least four (4) applicants therefor who are occupants or owners of buildings, averaging two (2) buildings in every one hundred (100) feet of main (street intersections excepted) and who shall and will guarantee at least six per cent interest on the cost of construction of said extension and when the grantee shall be directed so to do by the Village Council.

All service pipes shall be maintained by the grantee from the water main to the curb line of the consumers when water mains are laid in streets or avenues, and when water mains are laid in alleys then service pipes shall be maintained by the grantee from the water main to the lot line of the consumers; but the grantee shall be entitled to charge for furnishing and laying service pipes from the water main to the lot line of the consumers. The grantee shall have the right to make and enforce as a part of the conditions on which water service shall be supplied, as herein provided all necessary rules and regulations, not inconsistent with the law or provisions of this ordinance.

#### SECTION VI.

The grantee agrees that he will install and maintain three double delivery fire hydrants along his mains, each to have a two and one-half inch nozzle fitted to connect with the hose coupling which may be provided by the said village for use by the fire department, and that the grantee will supply water thereto free of all cost and charge to the Village of Crosby, for the use by said village for fire protection only; which hydrants shall be located along said mains by the Village Council and designation thereof shall be given to the grantee by notice in writing promptly and in case the said village council shall fail to designate to the grantee the location of any said hydrant said grantee may select the location thereof and erect the same accordingly.

Any person other than authorized members of the village Fire Department using a hydrant or interfering with such hydrant or hydrants shall be deemed a trespasser and dealt with accordingly to the statutes bearing upon such offense.

#### SECTION VII.

The pressure to be maintained upon the water mains at the pumping plant by the grantee shall be as follows: Domestic pressure fifty pounds per square inch. Fire pressure eighty pounds per square inch.

### SECTION VIII.

From the time the grantee shall have the plant and equipment in operation and thenceforth he may charge and collect rates for furnishing the inhabitants of said village with water for private use, which rates shall be based on the meter of the consumer, and which rates therefor shall be payable in advance as follows: for the first five thousand cubic feet the rate and price shall be thirty-seven and one-half cents (\$37½) per one hundred (100) cubic feet; for the second five thousand cubic feet the rate and price shall be thirty-two and one-half cents (\$32½) per one hundred (100) cubic feet; and for the next five thousand (5,000) cubic feet and over the rate and price shall be thirty cents (\$30) per one hundred (100) cubic feet, consistent with all needful rules and regulations the grantee may make concerning water meters and the installation thereof by consumers. Until the installation of meters the grantee may charge for water furnished consumers rates as close to said meter charges as he can estimate the same. This grant is upon the express condition that all consumers shall at all times be entitled to and shall receive a discount for prompt payment of bills for quantity used.

### SECTION IX.

The grantee shall have the right to shut off the water supply temporarily from any premises for non-payment thereof, for the purpose of making repairs or extensions to its works; and the grantee shall be liable to the village, or to any consumer for damages occasioned by such temporary suspension of the water supply. Any said repairs or extensions shall be made with due diligence by the grantee.

### SECTION X.

The grantee shall furnish to the village council at least once in each calendar year during the term hereof an itemized construction cost sheet of all work done in and about the building and construction of said plant and of the improvements thereon.

### SECTION XI.

At any time after the expiration of five years from the date of the passage of this ordinance the Village of Crosby shall have the right to purchase from the grantee all of his works, apparatus, main pipes, services, meters and supplies for such price as shall be agreed upon by a board of appraisers, consisting of three disinterested persons competent and qualified to determine the same, who shall be chosen and sworn to determine the price so to be paid, one to be selected by the Village Council of the village, one by the said grantee and the third by the two so chosen. When the said three persons shall have been so chosen and before they determine the said price so to be paid, the said village and the said grantee shall each, at their option, have the right to call experts, not exceeding three in number, to give testimony before said appraisers as to the value of said plant, and the said three appraisers shall then proceed to determine said value and the price to be paid therefor and in so doing they shall take into consideration the cost and productive value of the said water works, rights, privileges, franchises and property.

If the said village shall refuse to purchase the same as aforesaid it shall pay the necessary expenses incurred in making such award.

The said village shall in making such purchase perform all unfinished contracts made by such grantee for furnishing water or for the improvement or extension of his plant.

### SECTION XII.

The grantee shall within thirty (30) days from and after the passage of this ordinance file with the Clerk of the Village of Crosby, a written acceptance of the terms and obligations and conditions herein set forth in and when this ordinance shall have been passed by the Village Council and shall have been executed by the President and Clerk of said Village and the corporate seal thereof affixed hereto, which execution and sealing shall be hereby authorized, and this ordinance shall have been published, and the grantee shall have filed an acceptance of the terms, obligations and conditions hereof in writing as aforesaid, then this ordinance and the said acceptance thereof shall be and constitute a contract between the said village and said grantee.

### SECTION XIII.

The said grantee shall within ninety (90) days after filing his acceptance of this ordinance and the terms and conditions herein set forth in and when this ordinance shall have been passed by the Village Council and shall have been executed by the President and Clerk of said Village and the corporate seal thereof affixed hereto, which execution and sealing shall be hereby authorized, and this ordinance shall have been published, and the grantee shall have filed an acceptance of the terms, obligations and conditions hereof in writing as aforesaid, then this ordinance and the said acceptance thereof shall be and constitute a contract between the said village and said grantee.

### SECTION XIV.

This ordinance shall take effect and be in force from and after its passage and publication.
